(By Associated Press.)  
WADSWORTH, May 6.—An in-  
cipient cyclone hit one corner of  
Wadsworth yesterday and before it  
passed out of the town tore off the  
galvanized iron porch of McCul-  
lough's butcher shop and a corner of  
the brick cornice of Griswold's gro-  
cery store. Besides lifting up the  
roofing on the butcher shop, sheets  
of iron weighing 100 pounds, and  
heavy timbers were blown broadcast  
over a radius of 100 yards, and

of two miles. All bridges for several  
miles were saved by being cabled to  
trees and great rocks.

against Federal Judges Phillips and McPherson will soon be filed  
by Representative Murphy of Missouri. The latter repeated his  
charges in the house today and announced his plan for impeach-  
ment immediately after the adjournment. Murphy was incensed  
over a telegram from Attorney Frank Hagerman representing  
eighteen railroads, to Attorney General Wickersham, in which  
Hagerman characterized the congressman's resolution of inquiry  
into the official conduct of the judges as "An outrageous issue  
of misrepresentation."

## N. CARLSON PASSES AWAY IN SAN DIEGO

LOCAL BUSINESS MAN ANSWERS  
FINAL CALL IN CALIFOR-  
NIA HOSPITAL.

Nelson Carlson, one of the best  
known men in southern Nevada,  
passed away yesterday at San Diego  
in the St. Joseph's hospital. Mr.  
Carlson had been identified with the  
mining industry since his arrival in  
Tonopah, a number of years ago, and  
was generally the first to rush to the  
scene of a new discovery. He had  
large mining interests in this section.  
He was also the proprietor of the  
Alamo saloon in this city.

Mr. Carlson was fifty-two years of  
age and was born in Copenhagen.  
Prior to coming to Tonopah he  
resided in Eureka, California, and in  
San Francisco.

He is survived by a son, John Carl-  
son, of San Francisco, and a sister-  
in-law, Miss Christine Cornelius of  
this city.

The interment will be in Sacra-  
mento and the body will be placed  
by that of his wife, who passed away  
several years ago. The services will  
be held under the auspices of the

## As it is He States That at Present the Democrats are Powerless to Act.

(Associated Press.)  
WASHINGTON, May 6.—Senator Cummins addressed the sen-  
ate in favor of lower duties, especially on the iron and steel  
schedules today. He declared the people would take the mat-  
ters into their own hands if the law did not check the monop-  
olies. Newlands, of Nevada, asked whether the faction that was  
striving for a revision of tariff downward had formulated a plan  
with which the Democrats could unite. He pointed out that if  
the twenty progressive Republicans united with the thirty-one  
Democrats they would have the majority. Cummins asked if  
Newlands was authorized to speak for the Democrats. The Ne-  
vadan replied "No, because the Democrats are powerless to ac-  
complish anything by taking the lead."  
It is thought that if the progressive Republicans would get to-  
gether on the program for a revision downward the Democrats  
would respond favorably. Bristow renewed his attack on the  
lead schedule. He and Aldrich failed to force the vote before the  
adjournment.

## PETITION HINTS FRAUD IN IDAHO SMELTING CO.

(By Associated Press.)  
SPOKANE (Wash.), May 6.—  
President J. Herbert Anderson has  
filed a petition in bankruptcy for the  
Idaho Smelting and Refining com-  
pany. He said that a Montana mil-  
lionaire became interested in the  
company for the sole purpose of  
wrecking it, defrauding the creditors  
and buying in the smelter at Sand  
Point at a nominal figure, "for par-  
ties unknown," supposedly the smelt-  
er trust. Anderson charges that the  
Greenoughs threw the company into  
the hands of a receiver and secured  
a warrant charging him with em-  
bezzlement solely to discredit him  
with eastern capitalists with whom  
he had arranged to refinance the  
company. He asks that Stark Oliver  
be named receiver and Receiver Mc-  
Cine be ousted.

## PROSECUTION EXAMINES NINE MORE WITNESSES

It Now Looks as if the Calhoun Case  
Would be Submitted to Jury Within  
Two Weeks.

(By Associated Press.)  
SAN FRANCISCO, May 6.—Nine witnesses for the prosecution  
testified today in the trial of Patrick Calhoun. It is expected the  
arguments will be reached before the end of next week and the  
case will go to the jury in less than two weeks. The evidence  
today was regarding the money alleged to have been paid to  
Ruef by Tiley L. Ford, the general counsel for the United Rail-  
roads. Former Supervisor Rea against whom there are no in-  
dictments, told of receiving \$3500 from Ruef's sister in a busi-  
ness deal outside of the graft cases. Prosecutor Heney expects  
to show that the bills given Rea were part of the \$50,000 drawn  
from the mint by Ford on Calhoun's order.

## DRIFTING IS CONTINUED ON THE RICKARD LEASE

ARE NOW IN ON THE ORE FOR  
12 FEET—AVERAGES \$40  
TO THE TON.

Judge L. O. Ray yesterday receiv-  
ed a telephone dispatch from Pioneer  
stating that the ledge encountered  
in the drift from the 165-foot level  
of the shaft on the Rickard-Garberg  
lease, was in the ore for twelve feet  
and the operators calculate they will  
have to go twelve feet further be-  
fore they encounter the hanging  
wall of the ore body. A number of  
assays were taken, the lowest of  
which gave returns of \$16, while the  
highest averaged \$52 to the ton. It  
is thought that the entire ledge will  
average around \$40 to the ton.  
Tex Rickard is quite enthused over  
the strike and the stock has advanc-  
ed from 5 cents to 9 cents a share.  
At the present there are only 50,000  
shares outstanding. When this was  
placed on the market about two  
months ago it was over subscribed  
within thirty minutes after being  
placed on sale.
